

MEMBER IMAGES ON VIDEO AND IN PHOTOGRAPHS

South Curl Curl Surf Lifesaving Club has a long and proud history that we seek to maintain and promote. As such, during the course of the year photographs may be taken of members during general club activities, carnivals and presentations. A number of photos are chosen throughout the year to be part of the South Curl Curl Annual Report, as photos for display within the clubhouse and/or one of the club's slideshows. The club values the use of these images and may choose to use them on our website. If you are a parent of a junior club member, you may wish to discuss this issue with your son or daughter. You may also wish to view the South Curl Curl SLSC website for examples of photographic use. Go to www.southcurlcurlslsc.org

To meet the requirements of the Privacy Act, South Curl Curl SLSC has created this generic note to members and parents at the beginning of the season requesting individuals and parents to inform the club **if permission is not given** for images taken to be used for club initiatives. A tear off slip is attached below for members or parents to indicate this. This can be placed in an envelope and handed to your patrol captain or age manager.

Member/parent/child permission will be sought for images that are requested for use for special purposes outside of the surf club context.

This only requires a response if permission is not granted. By not responding, the club will assume that permission to take and use images of individual members has been granted.
