Curly Sound Waves 2011

A note from the Committee

The weather gods favoured Curly Sound Waves, sunny day, great bands, good crowd and an absolutely fantastic job done by our volunteers.

On behalf of the club I would like to thank each and every person that contributed to what turned out to be a particularly successful community event. Final numbers are not yet in however it does look like a modest profit was made for the day, more info will be provided once finalised. A

special thanks was passed on to the contractor doing the renovation on the pool. These guys went way above and beyond expectations to remove as much of their equipment as possible to allow us to run Curly Sound Waves.

Development wise - our D.A is still being worked on to sort out our storage issues, provide a bigger Gym, and free up some additional space for our juniors. All things being equal we should have the D.A submitted prior to Christmas.

If any member has any issue, question, or concern, please do not hesitate to contact any member of the committee at earliest opportunity. Contact details are on the club website.

Nippers

What a bumper start to the season we have had a South Curly! Welcome to all our new members and we look forward to another great, friendly season. We've unfortunately had to close the books on the younger age groups as large groups of littlies can prove challenging for everyone. If you have friends that have missed out please let them know how important it is to register online or at our registration days when the books open in September. They could also try again after Christmas as sometimes numbers drop and we can manage a few more!

There are still some membership issues so if your child is not appearing on an age group list then please pop into the office to check if your payment has not been received or you need to provide identification etc.

Carnivals

From the U8 age group nippers are able to compete at carnivals. The Branch hold 4 carnivals a season (Manly, Queenscliff, Narrabeen and Branch (location TBA) and then the season culminates with State Titles (this year held in Kingscliff NSW). To compete at carnivals the club needs to provide one carnival official per 10 competitors and we currently have 6 club officials available for Nipper Carnivals but of course not everyone will be available for every carnival so we desperately need parents to come forward and do the officials course (1 day, workbook completion, no testing etc.). Please see below for more info. and contact Rob Newlinds if you can do the course newlinds@banco.net.au

South Curly will be able to enter 50 competitors for the Manly Nipper Carnival.

www.southcurlcurlslsc.org

If you wish your child to compete at this carnival you will need to let your age manager and our Competition Registrar Cathy Proctor proctorallen@optusnet.com.au know of your intentions.

Twilight Nippers

Our first carnival of the season is always the Manly Carnival and this is Sunday 13th November. This means nippers will be held on Friday evening 11th November – Twilight Nippers starts at 6pm and Sippers will be held afterwards with dinner available for purchase and the bar open. Sippers are a great way to meet other South Curly Members so come upstairs and get some dinner for the family.

Officials Course

The next (and final for the season) Officials Course will be November 26th at Queenscliff Surf Club 9-3pm. **We need parents to sign up for this course or our carnival competitor numbers will need to drop dramatically.** The more officials there are the pressure to attend every carnival as an official is lessened – come on share the load and do this course please. One day, completing a booklet and listening to lectures.

Club Gear

Don't forget to drop in at the Gear Store (Nipper Room). In addition to all the Nippers clothing, we also have mens' cozies, boardies, jammers, ladies cozies, Sth Curly beach towells etc etc.

Registrations:

What an outstanding turn out we've had so far. As we go to print, little ol' South Curly has more than 900 members!

Even so there are still quite a few names and faces appearing that have not renewed their registration. Some have paid, but not submitted a registration. Others have submitted a rego but not paid. And then more still have done neither. Could those outstanding members PLEASE pay and register online asap. No registration/payment = no insurance

The office will no longer be open on Saturdays and Sundays for registration renewals
These should now be done online (please be sure to include payment)

For those needing to renew, please go to Lifesaving Online to register
The link is <https://www.lifesavingonline.com.au/SLSAOnline/modules/home/index.php>

If you are a new user, you will need to register to use the site first.
When you log back in, you will be able to renew your South Curly registration with the click of a button. It even gives you a credit card payment option. Note, each family member, even kids, must have their own individual ID and log on. You can only register one account from each login account. Full details on the registration process can be found on the South Curly website under the 'Membership' tab.

All registrations should be received prior to 18th November
Records will be archived after that date and those members not registered will no longer receive club communications - email or sms.

BBQ's

Thanks to Carol & Bob Butcher (grandparents of the Skelton kids) for offering to do a BBQ most Sundays. Remember all proceeds of BBQs goes directly back to the club, so pop by and grab some yummy brunch after Nippers is over. Thanks Carol & Bob!

Thank you for your support of
Curly Sound Waves 2011

What a great day we had and booking in the perfect weather certainly helped! The South Curly carpark was a buzz with lots of people enjoying our great food and wine and listening to our great musical line-up. This day is all about community spirit and showing off what South Curly does best – providing a great service to our local community and we did a great job as usual.

Thanks to all our club members who responded to our calls for help and served everything from souvlaki to ice-creams! Well done!

After such a big day the thought of packing up is daunting but the carpark was emptied faster than ever before – nothing like the footy and the promise of a coldie to motivate us!

Thanks again South Curly Members, we managed to raise \$\$\$\$ for our club.

Curly Sound Waves Committee 2011

PS. Photos from the day will be available for viewing in the next few days - just use this link www.maviimages.com.au/Galleries/CSW11

Thanks also to all those that donated raffle prizes

New Office Hours

Office hours are now Monday and Friday afternoons, by appointment. Phone and leave a message on 9938 5430 if you need assistance with anything club related.

Responsible Serving of Alcohol

RSA's who did the last course please email mail@southcurlcurlslsc.org to volunteer to cover bar duties our social events

Vivienne and Marz from **Mavi Images** will be selling their amazing photos of our Nippers and beaches in the hall on Sunday morning December 11th - just in time for great Christmas presents.

Viv and Marz are members of South Curly, their kids are in Nippers and Cadets and they are our resident club photographers who take thousands of photos each season for our history and enjoyment. In addition to their time and efforts, they make a donation to the club for every photo sold. Make sure you check it out.

25th November - Boardies Day NSW for Surf Life Saving

Surf Life Saving has a proud tradition of saving lives for over 100 years. Since 1907, surf lifesavers have volunteered their time and effort to provide a dedicated lifesaving service around the country.

Our movement is a part of the history, fabric and future of this country and it represents the lifestyle, values and beliefs of the Australian culture. It protects life, it saves life and it promotes life.

We create a safe environment in and around our beaches, through patrols on, in and above the shore and through education and training programs.

Surf Life Saving is an active part of Australian local communities. Our movement prides itself on offering mateship, education, experience and in doing so gives back to the community.

Surf Life Saving is the largest volunteer movement of its kind in Australia. We are a not-for-profit movement that exists only through community donations, fundraising and corporate sponsorship.

South Curlly are supporting Boardies Day and have set ourselves a target of \$5000. Donate now by following this link <http://fundraise.boardiesday.com.au/SouthCurlCurl2011/donate>
