NOTICE IS HEREBY GIVEN that the one hundredth Annual General Meeting of South Curl Curl Surf Life Saving Club Incorporated will be held at the South Curl Curl Surf Lifesaving Clubhouse and via Zoom on Sunday, 1st August, 2021 commencing promptly at 10:00am.

## Agenda

1. Acceptance of the meeting format which includes online attendance
2. President's welcome
3. Recording of attendance and apologies
4. Minute silence for those members who have passed during the season
5. Confirmation of minutes of the 102nd Annual General Meeting
6. Presentation of the 103rd Annual Report
7. Presentation of the Balance Sheet and Financial Statements for the year ending April 2021
8. Motion: That South Curl Curl Surf Life Saving Club affiliate with SLS SNB, SLS NSW and SLSA
9. Motion: That South Curl Curl Surf Life Saving Club adopt the Constitutional amendments as proposed in the Special Resolution published on 11th July 2021
10. Election of Life Members
11. Announcement of Distinguished Service Awards Recipients
12. Election of the Club Office Bearers and Officials for 2021-2022 season
13. General Business

## Club Patrons

Darren Jones—Patron  
 Noela Roberts—Patron  
 Flora Roberts—Life Patron

## Club Office Holders for the 2020/2021 Season

President	Graeme Dominish
Deputy President	Glenn Everingham
Secretary	Peter Yeates
Treasurer	Paul Brittain
Junior Activities Chairperson	Matt Fitzgerald
Junior Activities Deputy Chairperson	Alex Braaksma
Club Captain	Jodi Le Geyt
Chief Instructor	Mike Le Geyt
IRB Captain	Matt Campbell
IRB Engineer	Michael Berry
Boat Captain	John Oxley/Jon Beavon
Craft Captain	Peter Allen
Intra Club Competition Co-ordinator	Kevin Mullen
Competition Manager)	Daana Stoker
First Aid Officer	Cathy Dossetor/Shane Burke
Gym Supervisor	Trent Rogers
Gear Steward	Steve Birch
Social Committee Organiser	Patricia Byrne
Junior Development Officer	Patricia Byrne
OH&S Officer	William Yeates/Guy Waddilove
Child Protection Officer	Lisa Setttee/Jenny Drury

## Committees

### Finance Committee

Graeme Dominish  
 Paul Brittain  
 Charles Longley

### Judiciary

John White  
 John Cassidy  
 Darren Jones  
 Kevin Moffat

### Building Committee

Chris Flemming  
 Jon Beavon  
 John Oxley  
 Peter Lowther

## Attendance at Committee Meetings

Name	Attended	Out of
Graeme Dominish	11	11
Glenn Everingham	9	11
Peter Yeates	9	11
Paul Brittain	9	11

Members are encouraged to refer to our website for all information concerning the Club. Information that can be accessed and downloaded includes:-

- Club membership forms
- Patrol rosters
- Pooh Bear Newsletter
- Club Constitution and By-Laws
- Annual Report
- Details of forthcoming events
- Links to Surf Life Saving and other clubs.

## Vale— Bruce Buckingham

Bruce joined South Curl Curl SLSC in October 1947 when aged 17. He was an apprentice carpenter working for a shipping company on the Sydney wharves and one of his bosses was long time SCC President Arthur Olsen. Arthur talked Bruce in to coming over to SCC one Sunday. As soon as he arrived at the beach he was ambushed by boat captain Richie Roberts who asked him to have a try at rowing a surfboat. Well Bruce felt that Richie must have been very impressed with how he rowed because within an hour Richie had offered him a spot in his crack Junior boat crew. It was not until the next weekend that he realised that SCC only had three other juniors. So it was him or no-one.

From that moment he was hooked. He would stay with a number of other members at "the shack" (a run down house on the hill close to Stewart House where the weekend rent was 10 shillings); arriving on Friday night after work and not going home until the last ferry on Sunday. That was his routine, summer and winter, for nearly 5 years.

The Junior crew went on to win the 1945 State Title in a canter. Due to the war, there was no Aussies that year but given that up to then, no crew from outside NSW had ever won the Aussies he considered this one that got away.

Moving to Seniors in 1946 the next 5 seasons brought two Aussie silver medals (in very close finishes) and he made two other Aussie finals. The Aussie Gold finally came in 1952 and he hung up his oar. It was the last Open Men Gold Medal SCC was to win until 2021.

Winters were about Rugby League and surfboat maintenance. SCC had its own junior league team and Bruce was a member of the B Grade Premiers in 1947. He even scored a try in the GF; the only meat pie of his football career. In the same year while sanding back the surfboat he was on hand to witness a launch in distress off Curly heading for the break in a 10 foot plus surf. Running to North Curl Curl to borrow a boat, the SCC boys headed to sea and managed to safely bring in the five occupants. Bruce was awarded a Royal Humane Society medal for his part in the rescue.

Bruce met Betty McPherson soon after he arrived at SCC and whilst at first she played hard to get his persistence and perseverance paid off and they were married in February 1951. The wedding date put him out of rowing in the 1951 Aussies which were held for the first time in Perth. Richie Roberts was disappointed that he did not decide to have his honeymoon as a trip along the Nullarbor so he could compete in Perth. Strangely Richie's DNA seems to have been passed on to some current SCC sweeps!

After competition ended Bruce turned his hand to administration and was one of the founders in establishing the Nipper movement having been the inaugural NSW Deputy President.

He became a life member of SCC in 1967 and in the same year took over from Richie as Club President; a position he held for 7 years.

Through the 70's and 80's one of his great joys was the trips to Aussie Titles. Towing the surfboat or carting juniors and cadets in his green dodge truck, he did trips to Tasmania, Victoria, Queensland and South Australia and two trips across to Perth to make up for missing out in 1951.

He kept his love for rugby league by picking up the referees whistle in 1955. He became a regular first grade linesman and even got to officiate in an Australia v New Zealand test match. He was a Life Member of the Manly Warringah Referees Association.

In 1978 he sold up and moved from the house that he had built on the land that was once "the shack" that overlooked his beloved south curly. He owned and operated motels at Tumut, Ulladulla and Fingal before succumbing to the grey nomad bug and caravanning around Australia. It was his caravanning days that gave him the opportunity to participate in his favourite pastime....talking. His story telling was renowned and many of them about South Curl Curl and boat rowing.

Eventually with caravanning behind him he and Betty moved to a retirement village in Fingal. Betty died in 2014. He stayed at the village until early 2020 with a stoicism and independence that belied his age. He then moved to a nursing home at Shoal Bay where he ended his days.

In one of his last lucid moments he witnessed the medal haul of SCC crews at the Aussies at Alexandra Headland and was over the moon with the victory by the open men's crew. He felt that after 69 years he could finally pass on the mantle.

He died on 5 June aged 94.

Vale Bruce Buckingham

## President's Report

This season was a significant recovery from the previous one, which was plagued by covid related shut-downs. The Christmas lockdown still wiped out a couple of weeks, and our social functions were still significantly impacted. Many competition dates were moved at short notice, however beyond that it was back to business as usual for our Club.

Our highlight for the year has to be our best ever results in Surf Boats and Champion Lifesaver. Interestingly, apart from a couple of exceptions they were the only areas in which the Club really competes. For U15 Champion Lifesaver, at State we had 1st Luca Stein and 2nd Logan Howes, and at Aussies 1st Logan Howes and 5th Luca Stein. Congratulations to both Logan and Luca, I'm sure you will both continue with great results in future years. Bill and Peter Yeates are back and proving their value as quality trainers with very short lead-time. Their focus and attention to all areas of the competition really made the difference.

In the Surf Boats at Aussies we achieved an unprecedented 4 gold medals, 2 silver and one bronze. This was our first open male surf boat win in 46 years, and what a tight race it was! Our other golds were U19 girls for the 2nd time, U23 male, and 240 years masters. Our new 200 years crew got silver, as did our U19 men. Our boat relay crew got bronze. This has made 2021 the most successful season in the history of the Club and really a once in a century (or lifetime) result. Everything came together with hard training, exceptional sweeps and some luck on the day. Congratulations to all those who competed, and thanks to all those who made it possible. The core of the this team is Rob 'Termite' Lowery, Mark 'Gus' Spiteri, Chris 'Ribs' Flemming, and Wayne 'Zulu' Settree.

This year the President's award went to Rob 'Termite' Lowery, for his excellent effort in the following areas:

- Exceptional results in the boats as mentioned above,
- Support for his crews, his patrol and upcoming juniors,
- Water rescues – mostly out of hours, sometimes genuine life saving acts and sometimes as a family team but always willing to put the safety of others ahead of his own.

Congratulations Termite, it's a pleasure to give this award.

Nippers had a mostly normal season. The main challenges were beach closed days, the December covid shut-down wiping out Christmas, and a big storm on the last day of the season to impact presentation. Thanks to Matt, Alex and the vast number of age managers and helpers who managed to proceed through the season successfully despite the extra covid restrictions. Our special needs 'Ripper Nippers' program continued this season as well, and thanks to Kirsten Quinn and all the volunteers who assisted. The cadet camp to Treachery Seal Rocks proceeded as planned, and the end of season surf safari to Race-course Beach (near Bawley Point) was a huge success again.

As with the previous year, this season we ran with 25 patrols. Each Patrol completes 5 or 6 half-day patrols for the season. I would like to personally thank Jodi for her captaincy, and everyone who put in the hours and kept our beach open and safe. This season we had 265 active seniors 15 and above, 39 cadets and 365 junior members. Total club membership was 965, which is slightly higher than the previous year.

Our education and training continued soundly this season. I would like to commend all the dedicated trainers under Mike's leadership, and all supporters for their efforts. This is essential to maintaining the ongoing long-term viability of the Club and our success is the envy of many other clubs.

Our Club Championships finally occurred on 1st May, and the annual Ocean Swim event from South Curl Curl to Freshwater on 2nd May. Conditions were perfect for the event, which always makes a huge difference. Thanks to everyone who made these events possible. Special mention to James Earngey for helping with the championships, and Cathie Proctor for again leading the Ocean Swim committee.

I would like to thank our dedicated committee and those who support them behind the scene. It's pleasing to be involved with such a strong club where every position is filled by such enthusiastic individuals. Congratulations to Jeff Hewitt for his 30 years service award for officiating. Thanks to Scott Taylor for all his years as IRB Captain. If anyone could get a motor restarted it was Scott!

I would like to thank our sponsors, who have been instrumental not just in helping purchase essential equipment but also in being involved in and around our Club. Our biggest sponsor is Freshwater Community Bank, a branch of Bendigo Bank. They have continued to support us for many years now, and we really appreciate the close working relationship. Sydney Beach Homes has continued with strong involvement, and ongoing thanks to Stone Real Estate Dee Why.

Our Café – 'Gusto on the Beach' continued to trade through the pandemic, and provided ongoing support to the Club. Thanks to Brendan and Lisa, plus all the staff, and for all the free coffee and drinks for patrolling members. Also thanks to Seven Miles Coffee for their continued sponsorship with the Gusto brew.

## **Graeme Dominish** **Club President**

## Secretary's Report

I am pleased to comment on the activities for the 20/21 season and refer you to the 103rd Annual Report that includes the Audited Financial Statement and Balance Sheet for the year ended 30th April 2021 and specific sections that provide more detailed information.

At season start, the Executive Committee and Office Bearers were elected by Members at the Annual General Meeting on 2nd August 2020 with the former consisting of Graeme Dominish, Glenn Everingham, Peter Lowther, Paul Brittain and Jodi Le Geyt. At the September Committee Meeting, Peter Lowther stepped down as Secretary with the position filled as Casual Vacancy by Peter Yeates. We thank Peter Lowther for his many years of service in the Club Committee in a variety of roles.

### Impact of COVID-19 pandemic

The ramifications of COVID-19 pandemic were again felt through-out the 20/21 season and the Club would like to take this opportunity to extend its gratitude to Members for their continued assistance, understanding and adherence with COVID restrictions and the changing requirements as directed by Surf Lifesaving Australia and various government bodies. Importantly, South Curl was able to deliver to its Member's and community an array of lifesaving, education, surf sports and member activities including some social, community and surf sports events and a comprehensive Nippers program whilst still maintaining its proud record of safety at its beach.

### Membership

The 20/21 Season saw a slight increase in membership numbers across most of the major membership categories (all figures provided by Branch). The small reduction in the number of Nippers was offset by increases in active juniors, active seniors and Associate members and when compared with Branch figures are reassuring that the Club continues to grow and be able to achieve its primary role of saving lives at the beach and undertake appropriate preventative actions. Our total membership for the 20/21 season was 928. Table 1 provides a breakdown of the membership base for both the 2019/20 and 2020/21 seasons.

### Patrols & IRBs

Our thanks and congratulations to the Patrols, in particular the Patrol Captains, IRB drivers & crew, patrolling members and assistance provided by SRC holders, whose diligence ensured a safe beach with no major incidents to report during patrol hours. Volunteers patrolled on those important public holidays including Christmas & Boxing Day, Australia Day, Good Friday etc. Thanks to the Club Captain and Patrols Supervisor, Jodie Le Geyt and Kevin Moffat respectively, for implementing and managing the many directions from Surf Lifesaving and government bodies and proficiencies within the Club. SLSC eLearning was particularly helpful in providing key training to Members.

Once again IRBs were kept fully operational for all patrols and available for emergency use. This would not be possible without the endless hours done by Matt Campbell and Chuck Berry to perform repairs and maintenance of the IRBs.

A special thanks to those Members who respond urgently to Emergency Rescue calls outside the Club's patrolling hours. These activities frequently go under radar but are performed expertly under very demanding conditions.

**Table 1:**

Category	Total Members 20/21	Total Members 19/20	20/21 SCC Club Member retention (%)	20/21 Branch Member retention (%)
Probationary	2	21	9.5	120.3
Junior Activities (6-13yrs)	357	380	93.9	89.4
Active Cadets (13-15yrs)	40	39	102.6	98
Active Juniors (16-18yrs)	52	44	118.2	90
Active Seniors (18+yrs)	196	196	100	95.3
Award Member	3	3	100	88.2
Reserve Active	13	17	76.5	94.9
Long Service	6	7	85.7	92.7
Past Active	0	0	0	84.4
Associate Member	230	184	125	88.9
Life Member	24	26	92.3	97.2
Honorary	0	0	0	71.2
General	3	0	300	93.1
Non-member Participant	2	2	100	82.9
<b>Total</b>	<b>928</b>	<b>917</b>	<b>101.2</b>	<b>91.8</b>
<b>Patrolling Members</b>	<b>304</b>	<b>299</b>	<b>101.7</b>	<b>94.6</b>

## Training

The club is well supported by the Chief Training Officer, Mike Le Geyt, and Training Officers who run the Club's Bronze Medallion course, advanced award courses and assist Nippers with their SRC program. These activities underpin our patrolling base and ensure that the required frequency and duration of Member patrols remain the envy of the 21 surf clubs on the Northern Beaches.

## Nippers

Despite the COVID-19 restrictions our juniors were able to experience a variety of water and beach conditions in a well run and coordinated Nippers program. Congratulations to Matt Fitzgerald, Age Managers and Associate members for all their assistance through-out the season as it's a huge task to successfully run a Nipper program that is COVID-19 safe and compliant. Many thanks to those performing water safety during Nippers. Feedback from Safari attendees was fantastic and the Club thanks all those who donated their time and support to this activity.

### **Competition**

The training, coaching, participation and competition results of this season's carnivals, including Branch, State, Aussies and ASRL are nothing short of exceptional. I am reminded by a conversation I had with the sweeps who had said that this has been building for a long time and that across the board countless hours are spent training, coaching and competing at carnivals by our competitors in surf-boats and champion life saver and our coaches, officials and support people. A job well done by all.

To compete we must have sufficient officials at each carnival and are frequently requested to provide IRBs for water safety. On behalf of the Club well done to everyone who competed, irrespective of whether you gained a medal, made the Semis, or helped make a team, and our coaches, IRB and officials. This year also marked the return of competitors for Champion Life Saver.

### **Community Service**

The Club assisted with a number of community service events during the year

- Members provided water safety for the Murray Rose Malabar Magic swim on February 21st
- The Club organised and held the annual South Curl Curl Ocean Swim 2021 on May 2nd. This year was another great success, with participants rating the event highly. Our thanks to everyone who assisted with this event.
- IRB support (Kevin Moffat and Lachlan Clarke) to communities at risk during the floods.

### **Functions**

The Club was used for several functions, for internal club events, training for Bronze medallion, SRC and Champion Life Saver training, member's functions, SNB Branch and other external events through-out the 20/21 season. Revenue from hall hires was impacted by COVID-19 through-out the season.

### **Building**

Some maintenance was performed on the club and the Club's exterior was repainted. Further works are planned for the Gym during the off-season. South Curl Curl has now received the finalised Club lease and the all-important Maintenance Responsibilities Schedule. These documents plus its request to slightly enlarge the club's footprint are to be discussed with Council at the end of August. The Club's use of the building will continue until the new lease is finalised.

### **Equipment**

To help reduce the pressure placed on our volunteers the club is committed to providing access to appropriate equipment. Recently the Club purchased a 'Can-Am Defender HD8A PRO' through a 50% subsidy grant to assist with Emergency rescues, roving patrols to mid-curl and of course transporting our surfboats, IRB and patrol equipment to and from the beach. Special thanks to Matt Campbell, Chuck Berry and Kevin Moffat for their assistance in training our Members prior to next season.

### **Sponsorships and grants**

A number of sponsorship and grant applications were submitted through-out the year and are now tracked at Committee Meetings by Glenn Everingham. The club was successful in receiving a 50% subsidy grant for the 'Can-Am Defender HD8A PRO'.

### Technology

This year the Club embarked on technology plan to upgrade the following keys areas: Access control and WiFi; NBN installation; Committee email; Systems access review; Website update and social media review; Stock control system. This has proven to be a huge project and some of the key milestones are close to completion.

### Resident Officers

Due to COVID-19 this season has created a number of hurdles to enable Hall hires. Both Daana and Jacob have done a great job as caretakers.

### Club governance

In addition to the Building and Safari sub-committees the Club Committee appointed a sub-committee to review and make proposals to amend the Constitution. A number of changes have been identified for initial consideration by the Club Committee. All draft changes endorsed by the Club Committee will then be voted on as a Special Resolution at this year's Annual General Meeting. Thank you to everyone involved in these sub-committees.

Thank you to our sponsors for their assistance through-out the 20/21 Season: Bendigo Bank (Freshwater), Stone Real Estate and Sydney Beach Homes.

### Conclusion

On behalf of the Club, I would like to extend its thanks to the Executive, Club Committee, Office Bearers, supporting sub-committees and Members for their commitment and ability to deal with the effects of COVID-19 through-out the season. For Lisa Settree, our thanks for compiling and proofing reading the Annual Report. To all competitors (Boat Rowers and Champion Life Savers), coaches, officials and patroling members who have carried on the proud tradition of representing South Curl with distinction, thank you. To everyone who has assisted in any way during the season, you make South Curl what it is today. Thank you.

We thank our Branch and State sponsors for their support of our movement—Ampol, DHL, Isuzu, Westpac, BRP, Dulux, Envirobank, Sharkskin, BRP, Midford, Dolphin, Team Building With Purpose ,Energy Locals .

**Peter Yeates**  
**Secretary**

## Club Captain's Report

With the 2019/2020 season coming to an abrupt halt due the COVID 19 pandemic, there was much uncertainty and concern about what the 2020/2021 season would look like.

During the off season there was much to-ing and fro-ing as to whether the 2020/2021 season would go ahead and if so, how to manage things with COVID restrictions.

For a number of us that meant writing COVID plans (which is not in everyone's wheelhouse- especially not mine!) that adhered to Public Health Orders and the relevant guidance to keep our members and the community safe. We then had to impart this information to members, educating them around additional and altered practices. All this, as we know, was subject to change with the fluidity of the situation.

Despite the uncertainty, plans were in place, gear inspection went ahead in August and the 2020/2021 season commenced on 26 September 2020.

Patrol L kicked off the season with business as (almost) usual, following relevant COVID guidelines and advice. With the season underway, all was well until around Christmas time when the Northern Beaches went into lockdown again due to the increasing number of COVID positive cases.

Christmas patrols were not the usual festive Curly patrols where all and sundry turn up for a couple of hours of patrol. Unfortunately, we were advised that the flags were not going up and patrols were to be surveillance only with minimum numbers. At short notice I spent Christmas Eve contacting people to roster willing club members onto the Christmas patrols. A BIG thank you to everyone for your assistance and patience over that period.

Surveillance patrols and flags down continued but the gorgeous weather saw the public out and attending our beaches. Then with minimal notice whilst Northern Beaches still in lockdown the advice was for flags to go up and patrols to go ahead as rostered. Once again thank you for your patience and cooperation with this, especially at short notice.

The Northern Beaches came out of lockdown and our patrols continued as rostered, nippers were back on the beach and training and assessments resumed.

Our member retention is outstanding with the majority of our patrolling members returning this season. Our patrol numbers look healthy with adequate award mix across all patrols. Despite the cessation of SLS activities during lockdown, we have expanded our patrolling membership with the recent Bronze and SRC squads. Thank you to our dedicated training team.

The season finished up on 25 April 2021 without further disruption to patrolling activities. As I write this report, we are once again in lockdown - v3.0 for those Northern Beaches residents!!

I am hopeful that the 2021/2022 season will commence as usual but who knows what's around the corner? Until then stay safe and take care.

## EQUIPMENT

**Gear Inspection** – socially distanced of course – went ahead ably led by our Gear Steward – Steve Birch. Thanks again and well done to our Gear Inspection devotees – Steve Birch, Peter Tesoriero, Woody, Shane Burke, Cathie Dossetor, Peter Allen, Michael ‘Chuck’ Berry, Graeme Dominish, Kevin ‘Spook’ Moffat, Matt Campbell, Mike Le Geyt, Sue Hanley, Matt Fitzgerald, Guy Waddilove, Zara Howes, Lisa Holland, Jenny Drury. Thank you also to John ‘Maverick’ White – our Club representative on the Gear Inspection Team.

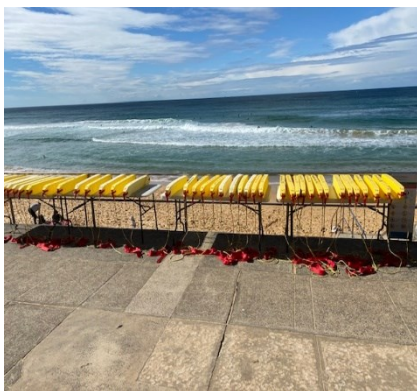

*Pete Allen, Matt Campbell & Kevin Moffat*

*Woody, Steve Birch & Peter Tesoriero*

*Shane Burke & Guy Waddilove*

*Mav - the socially distanced Gear Inspector - get this man a coffee!*

## New Equipment

<p><u>Club Lifesaving Equipment Grant (CLEG)</u></p> <p>We happily spent \$4213.45 of our \$4213.70 allocation of NSW Government funded money in the form of the CLEG. This grant is facilitated by SLS NSW and available to all NSW Surf Lifesaving Clubs to provide financial assistance to promote and upgrade operational gear and equipment essential to lifesaving operations.</p>	<p>The following items were purchased from an eligible list provided:</p> <ul style="list-style-type: none"> <li>• Disposable Resuscitator Bags</li> <li>• Rescue Tubes</li> <li>• Radio Bags</li> <li>• Loud Hailer Megaphone</li> <li>• Fuel Cabinet</li> <li>• IRB Fuel Cell</li> </ul>
--	--

## PATROL OPERATIONS APP

Thank you for your persistence with the Patrol Operations App. By now most of the luddites have come on board. This season the IRB logs were added to the app. Thank you to Matt Campbell for assisting the Patrol Captains and IRB drivers in the transition from paper to digital documentation.

Incident logs were also transitioned to the Patrol Operations App, however it appeared that only the Patrol Captains were able to log on to enter incidents. I brought this to the attention of the Branch Director of Lifesaving, as the patrol member who treats a person should be able to enter the incident. I am still awaiting the outcome.

## PATROLLING HOURS

### Top 10 Patrolling Hours

Top 10 Patrolling Hours—Club & Branch Rosters	Hours
Shane Burke	40.75
Bill Yeates	37
Luca Stein	36.25
Graham Smith	32.75
Bernard Blanchfield	31.25
James Carley	31.25
Mike Le Geyt	31
Tom Opie	30.75
Steve Hall	29
Bailey Skelton	28.25

## South Curly Members in Branch Support Operations

- Ben Humel and Lachlan Clarke- RWC (Jet Ski)
- Martin Brannan and Matt Campbell – UAV (Drone)
- Kevin Moffatt and Lachlan Clarke – assisting in the recent emergency flood crisis.

## MEMBER RECOGNITION

<p><b>Patrol Captain of the Year</b> <b>Jacob Witty</b></p> 	<p>I remember a couple of years ago when Jacob approached me and said that he wanted to be a Patrol Captain (PC) and asked what he needed to do to achieve this. This enthusiasm coupled with his personality, skills, and pride in doing a good job and in the Club, makes Jacob the quintessential PC. He is a role model for upcoming PCs as well as the experienced ones and has significantly reduced the average age of our PCs! Since taking on the role of PC, Jacob has exceptionally fulfilled his duties and has overcome a few challenges managing his peers. He is a great mentor and role model for the new Bronzes and SRCs on his patrol. He has also supported other patrols when required. Congratulations Jacob.</p>
<p><b>Patrol of the Year</b></p> <p><b>Patrol 5</b></p>	<p>Patrol 5 is a very capable female dominated patrol led by Daana Stoker as Patrol Captain. Patrol 5 is a cohesive team who support each other and complete their proficiency at the beginning of the season. Patrol 5 has gained some male members who have mentioned that they are happy and enjoy patrolling on Patrol 5 and do not want to move patrols. Congratulations Patrol 5 – Daana Stoker, Lauren Pearce, Matilde Petersen, Michela Verwey, Jasmine Stein, Steve Johnson, Dave Platter, Scott Stein, Ed Phelps, Marie Johnston, Naomi Humel, Clara O'Reilly, Ava-Lauren Clarke</p>
<p><b>Patrol Person of the Year</b> <b>Woody</b></p> 	<p>South Curlly stalwart Michael Woodward -aka Woody, is my go to guy whenever I need to arrange patrol swaps or PC relief even at short notice. He will step in to get the job done. He will also make sure his patrol team keep up to date with any information or changes that pop up during the season. Ever vigilant both on and off patrol, South Curlly is safe as houses with Woody on the beach. He never asks for anything as recompense except for a Magnum ice cream. So 1 box of Magnums coming your way Woody. Thank you and Congratulations.</p>
<p><b>Junior Patrol Person of the Year</b></p>  <p><b>Caitlin Thirwell</b></p>	<p>Caitlin is a quiet achiever. As a member of Patrol D, Caitlin is always reliable with 100% patrol attendance over the past 2 seasons. With her initiative and as the Patrol App Captain (PAC), she provides invaluable assistance to the Patrol Captain during patrols. She also gets her proficiency done early in the season. Keep it up Caitlin. Congratulations.</p>

### ***Final Thanks***

During these uncertain, roller coaster times, I hope that South Curlly provides a sense of stability and normality. I would like to acknowledge and thank all patrolling members of South Curlly for your time, patience, cooperation and adaptability keeping our beach safe yet again for the 2020/2021 season. Good job ya all.

Thank you.

**Jodi Le Geyt**  
**Club Captain**

*Patrol H - aka 'The Latte Patrol'*

*October Long Weekend*

## Treasurer's Report

It gives me great pleasure to present the financial report for the year ended 30 April 2021. I am pleased to report that our cash position increased \$53,648 over the year. As at 30 April 2021, cash and cash equivalents were \$368,651.

The income statement shows a net deficit for the year of \$22,778, but this includes \$119,957 of non-cash expenses; namely depreciation of fixed assets. Underlying cash profit was \$97,179, marginally above the prior period cash profit of \$91,522.

Capital purchases in the year were significant and totalled \$89,686, comprising the new security system and door locks (\$24,063 net of grants), other leasehold improvements to the caretaker flat, the cafe and club (\$23,736), gym equipment (\$7,008), a dishwasher and fridge for the café (\$8,943), the SSV (\$10,397, net of grants) and other club equipment (\$15,539).

The following are highlights from the income and expenditure statements:

### ***Cafe "Gusto on the Beach"***

Despite the challenging COVID-19 pandemic, the cafe largely operated for the full season, generating a \$63,000 surplus for the club, plus \$9,840 of equipment hire income and an annual Seven Miles Coffee rebate of \$11,607. The café operators did benefit from JobKeeper compensation, allowing them to continuously pay staff, even when trading revenues temporarily dropped.

Other income highlights:

- Membership subscriptions at \$56,795 were 2% lower than the prior year;
- Clothing sales remained largely in line with the prior year at \$15,215;
- Hall hire, social function and fundraising incomes were negatively impacted by COVID-19 restrictions. In total, income from these sources was \$27,719 below the prior period;
- The annual ocean swim event was not held in calendar 2020 due to COVID-19 restrictions, but the event did take place in May 2021 and will successfully contribute in the FY22 financial year;
- Interest income decreased to \$3,951 (from \$8,428 in the prior year), due to timing of interest receipts and continually decreasing interest rates on term deposits.

### ***Donors and Grants***

A full list of donors, sponsors and grant income is included in the detailed income statement. Sponsorship cash income was reduced to the annual Seven Miles Coffee sponsorship of \$5,000, but grant income increased to \$34,098, with the SLS NSW grant up \$16,711, as part of its overall increase in assistance to help clubs through the COVID-19 pandemic. The club also received \$20,000 in government COVID-19 compensation. Sydney Beach Homes continued as key club sponsor and contributor to our surfboat activities, donating building material services for gym and other club repairs.

### ***Expenses***

Total expenses of \$262,461 were \$52,460 (17%) below the prior year. Depreciation expense was down \$13,324, with several older assets on the fixed asset register now fully written off. Clubhouse, lifesaving, administration and social expenses were all lower, with slightly lower activity levels due to the COVID-19 restrictions.

ABN 88 589 451 919**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 APRIL 2021**

**NOTE 1 SIGNIFICANT ACCOUNTING POLICIES**

This financial report is a special purpose report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act 2009, The Australian Charities and Not-for-profits Commission Act 2012, the Charitable Fundraising Act 1991 and associated regulations. The Committee has determined that the association is not a reporting entity.

South Curl Curl Life Saving Club Incorporated is an association registered under the Associations Incorporations Act 2009 and is domiciled in New South Wales.

The financial report is prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

These are special purpose financial statements that have been prepared for the purpose of complying with the Australian Charities and Not-for-profits Commissions Act 2012 and associated regulations. The Board have determined that the accounting policies adopted are appropriate to meet the needs of the members of the South Curl Curl Life Saving Club Inc.

These financial statements have been prepared in accordance with the recognition and measurement requirements specified by the Australian Accounting Standards and Interpretations issued by the AASB and the disclosure requirements of AASB101 "Presentation of Financial Statements"; ASB 108 "Accounting Policies, Changes in Accounting Estimates and Errors"; AASB 1048 "Interpretations of Accounting Standards" as appropriate for Not-for-profit oriented entities.

**Inventories**

Inventories are measured at the lower of cost and net realisable value.

**Goods and Services Tax**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO). In these circumstances, the GST is recognised as part of the cost of acquisition of the asset(s), or as part of cost of the item(s) to be expensed. Receivables and payables are stated inclusive of the amount of GST receivable and payable. The net amount of GST recoverable from, or payable to, the ATO is included in other receivables or payables in the statement of financial position.

**Income Tax**

As the company is a charitable institution in the terms of subsection 50-5 of the Income Tax Assessment Act 1997, as amended, it is exempt from paying income tax.

## NOTE 2 CASH

Cash and Cash Equivalents include cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturity of six months or less.

Credit card clearing - SCC Café	1,762	1,950
GST - SCC Café	3,753	0
	<u>8,227</u>	<u>2,391</u>

## NOTE 4 PROPERTY, PLANT & EQUIPMENT

### Buildings

Buildings are measured on the cost basis and therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event that the carrying amount of buildings is greater than its estimated recoverable amount, the decrease in value is shown in the profit and loss statement as a revaluation decrease. A formal assessment of recoverable amount is made when impairment indicators are present.

### Plant and Equipment/Surf Patrol Equipment

Plant and equipment are measured on the cost basis and therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event that the carrying amount of plant and equipment is greater than its estimated recoverable amount, the decrease in value is shown in the profit and loss statement as a revaluation decrease. A formal assessment of recoverable amount is made when impairment indicators are present.

### Leashold Improvements

Leasehold Improvements are amortised over the estimated useful lives of the improvements, which do extend beyond the expiry of the current lease. The current lease expired on 30 August 2020 and is being extended on a month to month basis until the new lease is executed by all parties.

## Depreciation

The depreciable amount of all fixed assets, including buildings and capitalised lease assets is depreciated on a straight line basis over the asset's useful life to the entity commencing from the time the asset is held and ready for use.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation rates
Plant and Equipment	22.50%
Leasehold Improvements	10%

The asset's residual values and useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These gains or losses are recognised in the profit and loss statement in the period in which they arise. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

	2021 \$	2020 \$

#### **NOTE 6 CHARITABLE STATUS REGISTRATIONS**

##### Australian Taxation Office:

The Club is endorsed as a public benevolent institution thereby conferring income tax exempt and Deductible Gift Recipient status.

##### Charitable Fundraising Act 1991:

The Club holds a fundraising authority (authority issued to Surf Life Saving New South Wales Inc).

Fundraising appeals conducted by the Club are often accompanied by donations. Comparisons of certain monetary figures and percentages in accordance with the requirements of the NSW Charitable Fundraising Act 1991 are set out in note (I) of the appendices.

##### Australian Charities and Not-for-profits Commission (ACNC) :

The Club is registered as a Charity with the ACNC.

#### **NOTE 7 REVENUE AND OTHER INCOME**

Revenue is recognised when it is probable that the economic benefit will flow to the company and the revenue can be reliably measured.

##### Sales of goods

Sale of goods revenue is recognised at the point of sale, which is when the customer takes receipt of the goods, the risks and rewards are transferred to the customer and there is a valid sales contract. Amounts disclosed as revenue are net of sales returns and discounts.

##### Function and Events

Revenue from functions and events is recognised once the event is held in the club facilities and the club has met its obligations to provide a venue for the expressed purpose agreed with the parties. The accounting treatment of deferring functions and events revenue is an approach adopted for the current and previous financial year due to the impact of the COVID-19 health emergency on events being booked at the club.

##### Membership Fees

Revenue from membership fees is recognised at the time of receipt.

##### Grants and Donations

Grant and donation income is recognised as revenue when received unless they are designated for a specific purpose for a purpose which has not yet occurred, when they are carried forward as prepaid income in the balance sheet.

##### Interest

Interest revenue is recognised using the effective interest rate method, which for floating rates for financial assets is the interest rate inherent in the instrument.

## NOTE 8 THE C W DOODSON BEQUEST

South Curl Curl SLSC acknowledges the generosity of the late C W Doodson's Bequest.

The bequest enables the Club to utilise income whilst maintaining the integrity of the capital amount bequeathed of \$191,623.33.

The income of the bequest is accounted for in the financial report as follows:

	2021	2020
	\$	\$
<b>C W Doodson's Bequest:</b>		
Capital as at 1 May	191,623	191,623

**SOUTH CURL CURL SURF LIFE SAVING CLUB INC.  
AND CONTROLLED ENTITY  
ABN 88 589 451 919  
STATEMENT BY MEMBERS OF THE COMMITTEE**

The Committee has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial report.

In the opinion of the Committee:

- 1 the financial report presents a true and fair view of the financial position of South Curl Curl Surf Life Saving Club Inc and Controlled Entity as at 30 April 2021 and its performance for the year ended on that date; and
- 2 at the date of this statement, there are reasonable grounds to believe that South Curl Curl Surf Life Saving Club Inc and Controlled Entity will be able to pay its debts as and when they fall due.
- 3 the financial statements and notes satisfy the requirements of the Australian Charities and Not for Profits Commission Act 2012.

This statement is made in accordance with a resolution of the Committee and is signed for and on behalf of the Committee by:

President .....

  
Graeme Dominish

Dated this 14TH day of JULY 2021

**SOUTH CURL CURL SURF LIFE SAVING CLUB INC.  
AND CONTROLLED ENTITY  
ABN 88 589 451 919  
CHARITABLE FUNDRAISING ACT 1991  
DECLARATION BY PRESIDENT**

In my opinion:

- 1 the income statement gives a true and fair view of all income and expenditure of South Curl Curl Surf Life Saving Club Inc with respect to all fundraising appeals;
- 2 the Balance Sheet gives a true and fair view of the state of affairs of South Curl Curl Surf Life Saving Club Inc with respect to fundraising appeals conducted by South Curl Curl Surf Life Saving Club Inc;
- 3 the provisions of the Act, the Regulations under the Act, and the conditions attached to the Fundraising Authority have been complied with by South Curl Curl Surf Life Saving Club Inc; and
- 4 the internal controls exercised by South Curl Curl Surf Life Saving Club Inc are appropriate and effective in accounting for all income received and applied by South Curl Curl Surf Life Saving Club Inc from any of its fundraising appeals.

President .....

Graeme Dominish

Dated this 14TH day of JULY 2021

**Independent Auditor's Declaration to the  
Members of South Curl Curl Surf Life Saving Club Incorporated**

We hereby declare that to the best of our knowledge and belief during the year ended 30 April, 2021, there have been:

- (i) no contraventions of the auditor independence requirements as set out in the *Australian Charities and Not-for-profits Commission Act 2012* in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.

## Independent Auditor's Report to the Members of South Curl Curl Surf Life Saving Club Incorporated

### Report on the Financial Report

#### Opinion

We have audited the accompanying financial report of South Curl Curl Surf Life Saving Club Inc. (the association), which comprises the statement of balance sheet as at 30 April 2021, income statement and notes comprising a summary of significant accounting policies and other explanatory information, and the committee Members' declaration.

In our opinion the financial report of South Curl Curl Surf Life Saving Club Inc. is in accordance with the *Australian Charities and Not-for-profits Commission Act 2012*, including:

- (a) giving a true and fair view of the Association's financial position as at 30 April 2021 and of its performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards to the extent described in Note 1 and the *Australian Charities and Not-for-profits Commission Regulation 2013*.
- (c) the Charitable Fundraising Act 1991, including
  - (i) the financial report shows a true and fair view of the financial result of fundraising appeals for the year to which they relate; and
  - (ii) the financial report and associated records have been properly kept during the year in accordance with this Act and the regulations; and
  - (i) money received as a result of fundraising appeals conducted during the year has been properly accounted for and applied in accordance with this Act and the regulations; and
  - (ii) South Curl Curl Surf Life Saving Club Inc. is solvent, as it is able to pay its debts as and when they fall due.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Club in accordance with the auditor independence requirements and ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Emphasis of Matter

The financial report of South Curl Curl Surf Life Saving Club Incorporated is a special purpose financial report that has been prepared in accordance with the accounting policies described in Note 1 to the financial report.

#### Other Information

The Committee Members are responsible for the other information. The other information comprises the information included in the Association's annual report for the year ended 30 April 2021, but does not include the financial report or our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

## Independent Auditor's Report to the Members of South Curl Curl Surf Life Saving Club Incorporated

### Other Information Continued ...

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears materially misstated.

If, based on the work performed, we conclude that there is a material misstatement of this other information, we are required to report on this fact. We have nothing to report in this regard.

### Committee Members' Responsibility for the Financial Report

The Committee Members of the Association are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Australian Charities and Not-for-profits Commission Act 2012* and for such internal control as the committee members determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report the Committee Members are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless the Committee Members either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The Committee Members are responsible for overseeing the Association's financial reporting process.

### Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design the audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee.
- Conclude on the appropriateness of the Association's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions or conditions may cause the entity to cease to continue as a going concern.

**Independent Auditor's Report to the Members of  
South Curl Curl Surf Life Saving Club Incorporated**

**Auditor's Responsibility for the Audit of the Financial Report Continued ...**

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any deficiencies in internal control that we identify during our audit.

## Boat Report

**A NOTE FROM CHICKA:** I phoned Gus on the Friday night, about tomorrow.... Australian Championship Finals Day. He spoke quietly and told me "tomorrow will be an extraordinary day with South Curly featuring big time". He had been looking at all the other all day, how right he was!

We'll start with our A Crew, the Death Riders, Rob "Termite" Lowery features big time in this section. The A crew final is generally the last even of the finals day, this day it was brought forward for TV reasons. The second last event of the program. There was a good start and our guys were right there with the leaders. There was nothing in it really until they all passed the gate cans, perhaps Bulli, the favourites were getting away. But then Termite felt a certain little lift and the crew responded with great power and surged to the lead and won the wholly grail of Surf Boating by half a bow tank! A tight photo finish with South Curly given the nod.

Screams, hugs, TV interviews until someone said "Hey Termite, your Lamp crew is waiting". His Lamp crew had also made the final, and were waiting for him. Nathan Wilson had seen what was happening and had grabbed the boat, organized the crew and got them into their lane. Termite took off with a 100 metre run, his head full of emotion with what had just been achieved, he got to the boat, the boys stonily looked in him the eyes and said "Come on, we're going". Mind back in gear, the gun went and the boys had a cracker of a race to win another Gold for Termite! Wonderful stuff, they have been together for 7 years, won lots of races but never an Aussie Title. I don't think that this double Gold finish for one guy has ever happened before. It's not a scenario that could be dreamed up, but it happened. Congratulations Termite

Gus Spiteri has an U19 girls crews that he inherited from Zulu at the end of 2019 – The Humps & Bumps – Nicky Berry, Mali Warneford, Braede Cox, Vivienne Saunders. Each of them in their other lives are very accomplished athletes. The U19 Women's Australian Titles surf boat final took off from the beach in a straight line and at the turn were all together, though Zulu's girls (who had also made the final) had a slight lead. Coming out of the turn, the Humps & Bumps were in front, he had made a very smart turn indeed. They then proceeded to gently increase their position until they crossed the line more than a boat length ahead. This crew has a very fluid, smooth rowing style, wonderful to watch and it must be a very smooth ride up the back for Gus.

Zulu's U19 girls crew also made the final and took the lead from the start, keeping a bow ahead of the field right to the turning cans, a quite smart achievement. They only lost a boat length in the turn, but in this company, that put them out of contention. However, in the scramble for the line at the finish they almost got their nose over the line for a medal.

I must say to have two male and two female junior crews making National Finals augers well for the future rowing makeup at South Curly.

*Chicka Kuhn is a South Curl Curl Life Member and passionate Boatie. He lives in Anna Bay and has been a welcome sight in many a South Curly carnival tent over the years...especially when he brought home-baked Anzac cookies from his lovely Robin! Chicka is in constant contact with our team and his passion for the sport and our club is infectious!*

## CREW DETAILS AND RESULTS:

### ***Death Riders – A Crew***

Jordon Thurlow – Stroke  
Craig McCarthy – 2nd Bow  
Michael Egan – Bow  
Trent Rogers – 2nd Stroke  
Rob Lowery – Sweep

Formed in 2017, four of the original crew still rowing. Craig has done two seasons after Chris Hughes did two seasons. In those four seasons, the crew has been:

- Ranked No. 1 in Australia
- Northern Beaches Premiers
- Northern Beaches Inter-Branch Crew
- Ocean Thunder Champions
- NSW State A Crew
- Australian A Crew
- Branch Champions
- Australian Relay Bronze Medallists x 3
- Australian Short Course Champions
- Australian Champions

Specifically in Season 2020/2021

- ASRL – 6th
- Branch – 1st
- State – 2nd
- Australian Relay – 3rd
- Australian Titles – 1st
- The Death Riders will return in Season 2021/2022 to defend their title in Scarborough.

The 3 South Curly sweep, most successful Australian Titles:

Ribs – 240 Masters – Gold  
Gus – U19 Female – Gold, 200 Master – Silver, Boat Relay – Bronze  
Termite – Men's A – Gold, U23 Men – Gold, 200 Masters (rower) – Silver, U19 Men – Silver, Relay - Bronze

### **The Colts (U23) Crew – The Lamp**

Owen Sheather– Stroke  
 Brady Holland – 2nd Bow  
 Sam Lowery– Bow  
 Kris Martyn – 2nd Stroke  
 Rob Lowery – Sweep

Formed in 2014. In three full seasons they never missed a final. Same crew from 15 years to 22 years old. In those seven seasons:

- Ranked No 1 Colts crew in Australia
- Branch Premiers
- Branch Champions
- Northern Beaches Interbranch Crew
- Australian U23 Crew
- State Champions x 3
- ASRL Silver Medalists x 3
- Australian Relay Bronze Medalists x 3
- Australian Champions

Specifically in Season 2020/21

- ASRL 3rd (in a borrowed boat)
- State -2nd (with a junior filling in all day)
- Australian Champions (our boat, our crew)

### **The U19 Crew – The Underdogs**

Zac Lowery  
 Harry Andrews  
 Tremayne Chivers  
 Jethro Mulder

Major carnival results:

- ASRL 1st (in a borrowed boat)
- Australian Championships -2nd
- State Championships – 3rd
- Australian Championships Boat Relay – 3rd
- Northern Beaches Branch Crew and State Junior Crew

### A NOTE FROM GUS:

What a year from South Curly. Our crews performed at the highest level across the board taking Gold medals in all the major carnivals. From my point of view I was very proud of the three crews I swept.

The Curly Girlies in the reserve women division improved right through the year. Their highlights being a Gold medal in the Branch Championships as well as winning the Branch Premiership. They then went on to a Gold medal at the State Titles and made the last 12 at the Aussies. They were also part of the Boat Relay side getting a Bronze at the Aussies. Some their best rows of the season were in the relay races showing how keen they were to be part of the team.

The Sneaky Nuts rowed Open Men and U23 Men in the early part of the season as well as Open Men in the Ocean Thunder event. This experience against the big boys was great for the boys and they took things up a level. They rowed without luck at many of the big events but still won the Branch Championships, the Branch Premiership and made the last 8 at the Aussies as well as the last 8 in the open men's division in the short course. The boys are a joy to sweep and it was a real honor to take them out at Freshie in huge surf to scatter Zombie's ashes.

Finally the Humps and Bumps spent their final year in the under 19 division. They were definitely the crew to catch through the whole season. The only times they didn't win their event was when I crucified them. Once in the State selection event and once when I put them down the mine in the first heat at the ASRL, putting us out of the event due to injury. They came back from this to win the State and the Aussies. An absolute pleasure to spend a season with.

Great to see our masters crews performing at such a high standard as well and collecting medals at the big events.

The most amazing season for our boaties this year, the most successful in club history. No other club in the country gets the sort of results we do with the number of crews we take to a carnival. At the Aussies we took 8 crews to the open event.

We saw 7 of those make the last 12, 6 made the last 8, 5 in the final for 3 gold and a Silver. As well as that our 2 masters crews collected Gold and Silver and the relay side a Bronze, JUST AWESOME.

So proud to be a part of it.  
Angus

#### **A NOTE FROM CHRIS "RIBS" FLEMMING:**

##### **220 Masters Crew—White Bread**

Bob Buckingham  
Peter Rogers  
Mark Campbell  
Tony Mulvey  
Graham Opie

2 Aussie Gold

The club's oldest boat competitors continue their enduring dominance of masters rowing, with a gold medal at the Aussie titles, bringing their total number of gold over a 16 year period to 10. They also picked up their 4th ASRL Gold.

This special group of guys continue to be great role models for our younger rowers who have all delivered amazing results at this year's Aussies

My reserve crew this year consisted of Bjorn Shearer, Jacob Witty, Luke Huntley, Maric Wichman and Kurt Braden were very consistent and certainly amongst the top crews. They were extremely unlucky to get pipped on the line in the semi of the ASRL, they picked up a bronze at the Branch before being unable to complete required hours to compete at Aussies which was really unfortunate for these amazing young members that have contributed so much to our club over many years. I look forward to the coming season and I'm sure you will be rewarded with success.

The culture, desire and passion to succeed at our club has become the envy of many and the years ahead will be filled with many special times I'm sure.

Curly Rocks  
Cheers Ribs

#### **A NOTE FROM THE BOAT CAPTAINS**

We would like to acknowledge and thank all the Curly Boatie competitors for their commitment to their sport and the surf club. Results like we have seen in the 20/21 season only come from hard work and team comradery and that has been evident this season. Having been fortunate enough to compete at a couple of carnivals this year we saw this firsthand. We are very proud to be associated with the group.

We would also like to thank the committee for their support throughout the year and are looking forward to another successful year in 21/22 season.

**John Oxley/Jon Beavon**  
**Joint Boat Captains**

## Chief Instructors Report

Two seasons impacted by COVID, and at the time of writing this report we are back in lockdown yet again. In March 2020 the 2019/20 patrol season was abruptly suspended, and like many clubs we had disappointed club members that were unable to complete courses. In addition the 'off season' courses and upgrades that we were planning to run were impacted by ongoing COVID restrictions.

Right up until early September 2020 we were not sure whether the 2020/21 patrol season would be going ahead. Many enjoyable hours were spent keeping up to date with NSW Health Orders and SLS NSW bulletins, reviewing our Club's COVID-19 Safety Plans (even more fun!), and preparing guidance for training and assessments under COVID restrictions.

Between July and September 2020 the new Public Safety and Aquatic Rescue Manual (the 'Bronze Manual') was rolled out, together with the new Surf Rescue Certificate (SRC) and Bronze Medallion courses.

To deliver the new courses all of our active SRC and Bronze trainers and assessors were required to:

- complete a Bronze Medallion induction covering the new online manual, resources and assessment tasks;
- gain or upgrade their Provide First Aid, Provide Emergency Care and CPR qualifications to meet the national Vocation Education and Training (VET) requirements (ongoing annual requirements); and complete practical training to deliver the new courses.

Thank you to our volunteer trainers and assessors for coming on board with this – without your dedication and commitment, we can't deliver courses and train our members.

For those of you who have not been involved with the new SRC and Bronze courses, notable changes are as follows:

- The new SRC course has been designed to be a logical progression to the Bronze Medallion, with SRC holders not needing to repeat some activities when they attempt their Bronze Medallion.
- Blended learning, with online self paced modules and assessments.
- Inclusion of an unconscious board rescue scenario with radio calls in both the SRC and Bronze Medallion courses.
- Oxygen, walk up spinal scenario, 4 person CPR, and final patrol scenario have been removed from the Bronze Medallion, reducing the number of activities where candidates are required to work in a team to gain their Bronze Medallion.

One related change is that only proficient Advanced Resuscitation award holders are permitted to administer oxygen from the start of the 2020/21 season. This change was the source of many gripes and grumbles from patrolling members.

In early September 2020 we learnt that the 2020/21 patrol season would be going ahead with 'COVID safe' practices in place and reduced proficiency requirements. Patrolling members were sent mandatory eLearning to complete and proficiency session kicked off. This year it was pleasing that there were fewer members that we had to follow up to renew their membership and complete eLearning complete so we could process their proficiencies.

Thank you to our Assessors, Delegates and helpers that ran proficiency sessions this season, particularly Michael 'Chuck' Berry, Kevin Moffat, Steve Birch, Jodi Le Geyt, Sue Hanley, Natalie Neary Matthew Campbell, Glenn Everingham, Craig Blake, Zara Howes, and our Patrol Captains.

In October 2020 we kicked off our 'Surf Rescue Certificate 2020' and 'Bronze Medallion Spring 2020' courses with COVID-19 still hanging over us. Mindful that training and assessments could be halted at any time, we kept the pace up and just managed to get our squads assessed before the start of Northern Beaches lockdown in December.

27 U14s completed the new Surf Rescue Certificate with flying colours. Due to the size of the squad and COVID-19 restrictions we split the group into two, with alternate mid week sessions and two sessions on a Saturday, which worked well as we were not training at the same time as the Nippers on Sunday mornings.

Thank you to the team that helped me train the SRC squad, namely Sue Hanley, Scott Stein, Natalie Neary, the U14 Age Managers – Saul Carroll, Graeme Smith, Steve Rudd, Bernard Blanchfield, and our younger patrolling members - Issy Owen and Luca Stein. As usual Chuck made himself available for the mock assessment and the actual assessment.

Our Bronze Spring 2020 Squad also faired well under the direction of Chuck, supported by Sue Hanley, Natalie Neary and Scott Stein. Some of our Summer 2020 'COVID' Squad returned and gained their Bronze Medallion with this squad.

Post the December lock down, we ran our 'Bronze Squad Summer 2021' (which also included some of our returning Summer 2020 'COVID' Squad) and a 'SRC to Bronze Transition Squad'.

We had an extended run of 'beach closed' conditions, which resulted in a few sessions at Manly Dam, North Curl and Fishermans Beach.

Once again we just managed to get our candidates assessed before assessments were cancelled due to COVID-19.

It will not be a surprise to anyone that Kevin Moffat was the organiser of most of the IRB training again this season. A steady stream of members volunteered for IRB crew and driver training, with Graeme Dominish, Chuck, John Colnan, Peter Allen, Lloyd Harrison, Matthew Campbell and Ben Webster assisting Kevin with the training. Chuck, Steve Birch, and Andrew Blenkinsop all assessed IRB awards during the season.

One area of focus for the 2021/22 season will be increasing the number of proficient Advanced Resuscitation (ART) award holders and ensuring that they can confidently manage scenarios especially with the changes to the Bronze Medallion course (which no longer includes oxygen, 4 person and the patrol scenario).

Our proficient ART holder numbers dropped considerably last season as a significant number of our ART holders did not participate in proficiency sessions despite offering numerous sessions on different days and times to accommodate members' schedules. It was disappointing that some members felt that keeping up to date with COVID-19 related protocols, refreshing knowledge, being familiar with our equipment, and practicing was a waste of time .

<b>Trainer of the year</b>  Kevin Alfred Moffat	<p>You have to admire Kevin's energy, enthusiasm and commitment to training and assessing over many years.</p> <p>He has run numerous proficiencies, regular IRB Crew courses throughout the season, trained IRB Drivers and mentored new IRB Trainers.</p> <p>There was a unconfirmed report that he decided to cancel a scheduled IRB training session this season due to the conditions on the day.</p>
<b>Assessor of the year</b>  Michael 'Chuck' Berry  (for the 2 <sup>nd</sup> year running).	<p>Chuck does an amazing job training and assessing IRB and Bronze, in addition to his role as our Club's IRB Engineer.</p> <p>He is an Assessor in Charge (AIC) for IRB Assessments, and mentors our IRB Trainer and Assessors.</p> <p>Chuck 'pre-emptively' requested that we do not nominate him for a Branch award as 'it is not his scene'.</p>
<b>Special mentions</b>  Sue Hanley  Shane Burke  John Colnan	<p>Sue Hanley recently completed the Assessor Course. Sue is a very capable and personable trainer, Patrol Captain and 'Rip Dipper'.</p> <p>Shane Burke is a quiet achiever that assists with training sessions, first aid, and servicing of our equipment. He helps out when patrols are short handed, and doubles up on Patrols L &amp; 8.</p> <p>John Colnan has been endorsed as an IRB Trainer. John is also a Patrol Captain.</p>

In closing I'd like to thank our members for their dedication and support. Looking forward to an enjoyable and COVID free 2021/22 patrol season.

**Mike Le Geyt**  
**Chief Training Officer**

## Junior Activities Report

This nipper season might almost have been one that wasn't, but due to the massive efforts of many we overcame the challenge of COVID and saw many happy nippers' smiling faces and great times had building surf skills at South Curly. Starting under strict COVID planning, contact tracing, separation, and social distancing requirements, this made running Nippers sessions challenging. Unfortunately restricting our ability to have nipper parents involvement or close spectating. Turning this into a positive, we were extremely fortunate to have an influx of parents willing to step up and become Age Managers; almost doubling our AM numbers. Without our Age Managers, and tremendous Water Safety from patrolling members, SRC and Cadets, the season would have been far less enjoyable and successful for our Nipper groups.

The separate sessions for U6-U8, U9 through U13 and Rippers, and U14 SRC Saturday sessions did spread activities out over the weekend for some families; but resulted in increased use of the beach, surf, and pool for each group.

We were extremely lucky in the surf this year, with generally favourable conditions and Lifeguard "Deano" and his team really working with us to keep the beach open most weekends. This allowed our Nippers more time in the surf – invaluable for building board, swimming, and rescue skills – something we struggle with most years at South Curly. A huge thanks to our SCC Patrols, Lifeguards and Water Safety Supervisor Guy, for keeping the beach open and safe for our Nippers.

This year's U14s culminated their Nippers journey, successfully completing their Surf Rescue Certificate - SRC. Congratulation U14s, a fantastic achievement by the whole group. Many thanks to the trainers who steered them through the new course, and their Age Managers who worked with them for many years, building strong surf skills and getting them ready to achieve this milestone. The U14 Age Managers I'm told now plan on sitting back sipping lattes on Sunday mornings - but their SRC team I'm sure we'll have helping out on the beach! Congratulations to Evan Cahill and Amanda Cannon who also proudly represented South Curly in the Junior Lifesaver of the Year awards.

Outside of Sunday Nippers, there were some successful training camps held during the season. Treachery Cadet weekend (Ken's Camp) provided many of our older nippers and cadets with a great surfing trip up the coast in a relaxed setting. For many a first chance to escape Sydney last year and enjoyed immensely by all who attended.

The highlight for many Nippers again no doubt was Board Camp in the holidays. For the first time in a few years, we managed all 3 days at Curly – stretching South up to North. Great weather, mixed conditions - often with a challenging shore break - there were boards aplenty! Thanks to all parents and Age Managers, particularly Adele, Alex and Alison, who ensured the camp ran smoothly, safely, and Nippers' fuel levels sustained. All age groups exhausted themselves; paddling hard, catching waves, getting dumped and getting back on again. Importantly learning board skills from our young coaches.

Special thanks to the board riding coaches Douglas and Gordon Carrol, Owen Saunders, Paddy Mulvey. Also to our water safety Cadets; Luca Stein, Tobi Skelton, Mary Mulvey, Amanda and Catherine Cannon, Hubie and Lachie Watts, Sammy Johnston, Arthur Carroll, and Niamh Fitzgerald.

Watching our cadets working and bonding with Nippers at board camp is truly a highlight for us as Age Managers; and very obviously for our Nippers – the smiles say it all!

Clothing sales this year required a COVID make-over; with Alison and team transitioning to a largely “Click&Collect” system; ensuring Nippers and Clubbies alike had access to fantastic South Curly gear in and out of the water. What an achievement.

Ever-changing COVID restriction challenges during the season did limit social activities; however Trish and the Social Committee worked hard to change things up and offer us the opportunity to catch up socially where possible. Those who attended these events hugely appreciated being able to get together at the club; taking full advantage of the opportunity to socialise with South Curly family. Fingers crossed we’ll have greater opportunities next season!

We reached our season end on a wet, windy, cold Sunday. Notwithstanding we had a good turnout for our Nippers All-Age relay and presentations. Ably run by last year’s U10 winners, the (Easter) egg-and-spoon race was a hit – almost outdone by a visit of our very own South Curly Easter Bunny Danielle. Persistence and sportsmanship paid off in the rain, and the champions this year were U10 – must be a lucky number. Congratulations U10s and we look forward to the challenge Steve, Frank and Roland plan for next season’s relay.

Racecourse was a hit! Back with a vengeance and changed format to meet the Covid environment. What a way to close out our season down the South Coast; a long weekend of surf and socialising enjoyed by many families. Fantastic for all to relax, spend time in the water, on the sand, and for the talented - on the stage. For some it was not quite as relaxing; big thanks particularly to Marissa and the whole team for tackling Racecourse organisation with gusto. We all look forward to another trip next year.

The truly satisfying aspect of overseeing Nippers was the seeing enjoyment on their faces, as they developed skills and built confidence in the surf over the summer. That is why we bring them to Nippers after all.

Two huge thanks for my first year as JAC. Firstly, to Saul Carroll, for his tireless efforts as JAC the previous four years, and continued guidance and support in transitioning me into the role. Lastly, a massive thanks to Alex Braaksma. This season really was a team effort and Alex was equal partner in ensuring Nippers ran successfully and safely.

Whilst COVID continues to interrupt our lives (Sydney again in lockdown at the time of writing), I look forward to the coming season and working with our South Curly family for another Nippers season building our kids’ surf skills, confidence, teamwork and friendships in a fun, safe environment.

I look forward to seeing you all back on our beach this year.

**Matt Fitzgerald**  
**Junior Activities Chair (JAC)**

## South Curly Rippers All Ability Group

South Curl Curl offers a modified nipper program for children & youth with a disability and has done now for nine nipper seasons. The program has been developed and supported by the club to allow inclusion for all children, youth and adults to be able to learn about surf awareness and skills as well as participate in activities such as beach races, flags, wade and swim races. As members of this group become more confident in the water, they learn skills to be able to use nipper surfboards in the breakers as well as be supported by older and SRC club members to go out further into the surf to catch a wave into shore. Family members of younger rippers are encouraged to participate with their child so everyone has the opportunity to share in the excitement as each member masters new skills throughout the season.

Members of 'Rippers' are encouraged to join in their age mainstream group if they wish and are welcome to participate in both groups, there was one Ripper that wished to step up to regular nippers groups this season and has thoroughly enjoyed it. One Ripper who graduated a few years ago is still attending nippers in his regular age group. Both are fully supported by respective age managers.

The 2020/21 nipper season certainly presented challenges that no one has seen before, aka COVID 19. New rules and regulations saw the Rippers take on another challenge in a positive way. For many, Rippers is a social catch with friends whilst having some friendly competition.

Rippers were still consistent with registrations with approx. 22 registered members, both new and returning, ranging in disabilities and age groups, our youngest member 6 years to our oldest at 40 years. With other surf clubs now offering disability group, numbers will be maintained around this number for future seasons. As the Rippers group is diverse in age range, this year again allowed us to have two groups – one youth group and an adult group. With regular assistance from other club members (both SRC and adults) this allowed the group coordinator to be able to focus on individual needs more closely and achieve some surf safe goals which this year included regular 25-50m swims, wade, run swim runs and boards. We were successful in getting out in the waves quite a few times where all enjoyed riding the waves on boards.

Due to Covid, there was no annual Special needs carnival at Mona Vale, disappointing for all as it is an event that is enjoyed by all that attend. Our biggest highlight for the season was in the annual age group competition, where under the wet cold rain, the Rippers declined being in the final and were happy with 3rd!

As usual, Rippers attracts regular volunteers for our group and are wonderful, developing wonderful relationships along with our ad hoc patrolling surf club and SRC members. All volunteers are greatly appreciated and Rippers are lucky to have so many to help out.

**Kirsten Quinn**  
Rippers Co-Ordinator

## Champion Lifesaver

At the request of a number of club members, Peter and I decided to reinstate the Champion Lifesaver event as an opportunity for boys and girls at the club to become involved in. This season, we started with four competitors - Luca Stein and Logan Howes in the U/15s and Ben Leman and Archer Hogan in the U/14s.

All the boys trained extremely hard and were highly motivated throughout the whole season. Due to their ages, Ben and Archer were restricted to competing in the U/15s and were very competitive. After placing First and Second in the State Championships, Luca and Logan, represented NSW in the Australian U/15 Champion Lifesaver Event. Both boys performed amazingly well, with Logan becoming South Curly's third U/15 Australian Champion. Luca was placed 5th, narrowly missing third place by only 1.25 points.

## Bill & Pete Yeates Champion Lifesaver Trainers

Logan Howes & Luca Stein

## IRB Captain's Report

As at the date of this report, South Curl Curl SLSC remains IRB ready to respond to any rescue situations with 3 fully operational IRBs with 4 Tohatsu 2-stroke 25 hp Motors at the end of the 2020/21 season. Surf Life Saving Australia has continued to use 2-stroke motors having been granted an exception to the Australian 4 stroke mandate due to the frequency of roll overs and maintenance issues. The club also has a full compliment of lifejackets as well as a rescue training mannequin and helmets. All motors have now been fitted with safety "kill chords" on their ignition switches, and all throttles set with springbacks to idle to prevent a run-away incident. Notably many IRBs from other clubs are not in this position, so we are well placed.

This year, the IRB was also involved in a number of emergency call outs and actions during patrol hours having been tasked by Surfcom and the State Operations Centre.

Operating at our beach, which we all know is an energetic and at times very hazardous break exposes patrol members to situations which call upon extreme surf skills and risk awareness/management. It is at these times our critical training as well as well maintained equipment pays off. Quite simply, it is well known the IRB goes out when other methods of rescue are not possible, and is often the first out last off in dangerous conditions. For the same reason, it is critical we maintain strong team of highly qualified personnel from our volunteer members.

This year we tried to focus on three priorities:

1. Increasing Operational Readiness of the IRBs including out of normal patrol hours
2. Increasing Safety around IRB use and maintenance and minimising injury
3. Increasing the proficiency and skills of crew and drivers (including those who have already obtained the awards)

In the 2020-21 season, the club was able to successfully train to completion 12 new patrol members in the IRB Crewperson Certificate, and 7 new IRB Drivers in the Silver Medallion IRB Award. Particular recognition to this goes out to our training and assessing team Kevin Moffat in particular, but also M.(Chuck) Berry, S Birch, A. Blenkinsop, L. Harrison, J Coleman as well as Graeme Dominish and Matthew Campbell (Content Specialist). In addition proficiencies were conducted in Spring 2020 with renewing award holders. All of this requires many many hours in the Surf with IRBs far above the normal patrol commitment of a member.

We have also aimed to maintain the IRB motors to a high operational maintenance standard, to avoid breakdowns in the break, consistent with our operational readiness and safety priorities. Further to this end, during the 2020-21 season, the club retired the Yamaha motor as maintenance expenses eventually became impractical to keep going for the oldest motor in our inventory, along with the danger presented by unreliability in the break.

Having two types of motors necessitated different maintenance training, different spare parts, different fuel cells and petrol mixes. Further, with Surf Lifesaving generally is moving away from Yamaha motors and this generated a further problem, training was become orientated towards Tohatsu style motors. The Yamaha motor was donated to existing club patrol members as part of a school project on boat construction, and potentially could be borrowed by the club on a future date if really needed. We are actively exploring a grant to obtain a 5th motor. Having more motors than IRB hulls is an essential to cover periods when motors are away for maintenance or break down.

The Club has also this year obtained a Side by Side Vehicle (SSV) which the Committee has determined is being maintained by the IRB personnel, given that the tools and maintenance procedures overlap. The committee has placed responsibility for this with the IRB section of the club. The Club Committee officially endorsed Kevin Moffat, Michael (Chuck) Berry, Glenn Everingham, Graeme Dominish and Matthew Campbell as the official SSV Induction instructors for the club, after they were trained and endorsed by Life Member of South Curl Curl Steve Atkins(Spider) from North Curl Curl SLSC. These inductors have already started inductions of all IRB personnel and Patrol Captains into operation and maintenance of the SSV, along with the caretakers, key members of club committee, Surfboat Sweeps, training officers and other club officials who may need use of it. The club committee has endorsed a policy restricting use of the vehicle to persons having a need, and holding a full NSW driver's licence, as the vehicle is conditionally registered and insured as it is conditionally licenced to operate between Queenscliff and Dee Why- with other use around Australia as SLS NSW may require. The SSV will make it possible to take the IRBs and Surfboats down to the beach and back more quickly, and in a safer fashion, and to various points of access along the beach for safer access including when Council Lifeguards are not available. This will cut time wastage for training, speed up emergency response, and allow roving patrols and surf boat training at the North Curl Curl end of the beach. This new addition will increase the operational readiness priority and the safety priority. The SSV is already in operational use, and it is the aim of the club to have all relevant persons trained up and formally inducted in Surfguard as accredited operators by the end of August 2021 in time for the season. Particular thanks to Peter Yeates, Club Secretary for all of his efforts in procuring the SSV Grant, the SSV and changes to board storage works in the board room to create space.

A new fuel cabinet has been installed in the IRB shed as a result of a grant, and we have started using a new air compressor (as the previous compressor had corroded to the point of being unsafe). A number of IRB personnel took significant amounts of time out of their lives to travel to, and work as officials and water safety at Branch, State and Australian Championships to support our competitors, in addition to providing these services at Curl Curl events. This involves towing an IRB to Palm Beach and to the Central Coast, and travelling to the Sunshine Coast in Queensland. Thanks go out to Kevin Moffat, Adrian Higgins, Terry Durnin, Martin Brennan, Glenn Everingham, Graeme Dominish and Matthew Campbell for donating considerable amounts of their time for this effort. Particular effort by Terry Durnin in re-wiring the IRB trailer to get the tail lights working for road use is particularly acknowledged. We are also trying to expand the number of IRB qualified persons who can provide this role. Also thanks to those who crewed IRBs for the Curly to Freshie swim and the swim from Shelly Beach to Curl Curl.

Finally, thanks goes out in particular to Michael (Chuck) Berry who continued on as IRB Engineer this year also attending on Committee meetings and particular maintenance efforts of our equipment and acting as In house Crew Assessor.

Suffice it to say none of the above could have been made possible without a lot of help from all of the persons involved, and anyone else who we may have forgot to mention.

People interested in becoming IRB Drivers or Crew are encouraged to approach us without hesitation to discuss the next opportunities. It brings a huge amount of satisfaction and pride when we see our IRB crews easily handle surf conditions that other clubs would not be capable of launching in. This is particularly the case when you hear it over the radio during an emergency call out.

## **Mathew Campbell & Michael Berry**

### **IRB Team**

Welcome to the Team SSV!

## First Aid Report

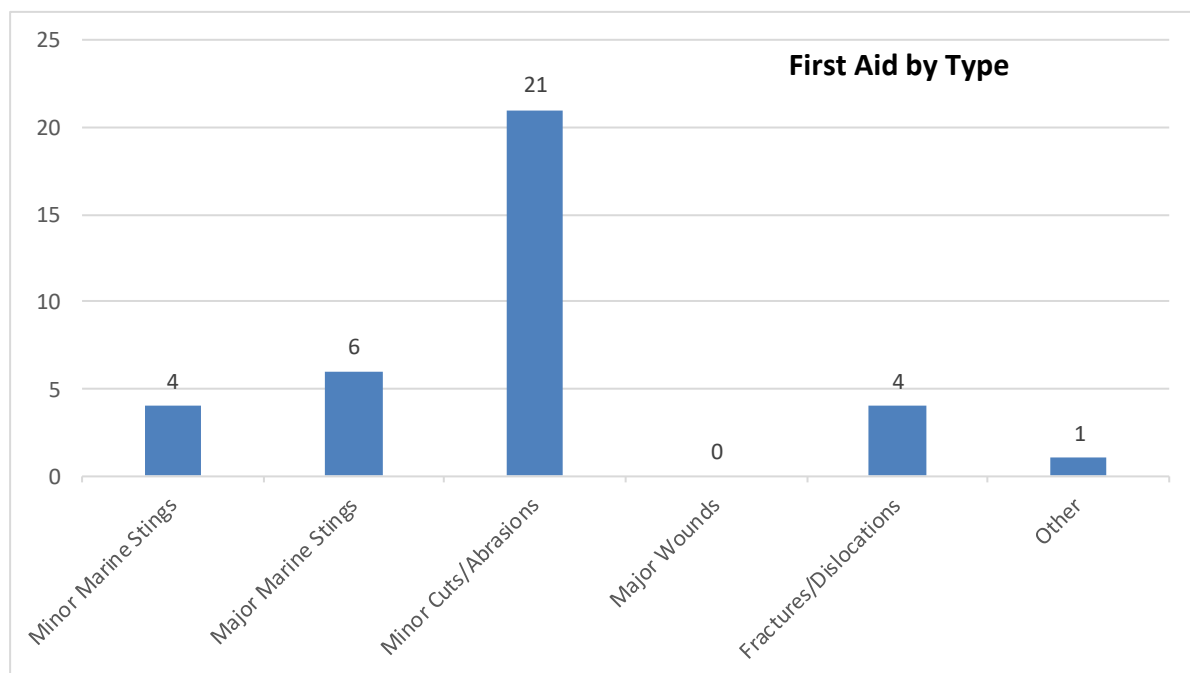

Much like previous seasons, the 2020/21 season brought with it various opportunities and its fair share of significant challenges. Thanks to all members for your flexibility and continued support, in the name of keeping South Curl Curl safe.

With changes to the Bronze Medallion course this season (particularly with Bronze Medallion holders no longer able to provide oxygen), our First Aid and especially Advanced Resuscitation Technique (ART) award holders have now become even more integral to all Patrols and activities conducted by South Curly. We'd encourage all members to consider these awards as part of your ongoing development.

According to Patrol log statistics for the 2020/21 season, South Curly had an approximate beach attendance of 47,227 and conducted 473 preventative actions. Thanks to all Patrol Captains for your diligence in ensuring all interactions / incidents are reported via the Patrol App.

The First Aid Team also provided support for the annual South Curly Ocean Swim competitors, at seasons end. The wonderfully calm and clean water resulted in a tremendously uneventful day for the First Aid Team...just how we like it. Thanks to Lisa Holland, Sue Hanley, Zara Howes & Jodie Le Geyt for all your First Aid assistance on the day.

Another great season on South Curly beach, only possible through the contributions of all members. A special thanks to all South Curly First Aiders and ART's for your continued efforts in keeping equipment "rescue ready" and caring for our community.

**Cathie Dossetor & Shane Burke—First Aid Officers**

## Caretaker's Report

Our first year as caretakers, and what a wild ride it has been so far! We were thrilled to be selected to be the new caretakers for this past season as the club is a huge part of our lives and what an honour it is. As this season has been one like we have never seen, our year started with assisting with maintenance around the club. The club received a new paint job, some new windows and some minor works inside. The club was looking refreshed again and ready for another great season.

When we took over in July 2020 we were amidst heavy restrictions for venues. Towards the end of the year we saw restrictions slightly ease and our new COVID plans were drawn up, allowing smaller hall hires once again. We saw some steady hall hires begin to get booked, however like everything, we would receive the news that restrictions were harshened once again and the bookings were on hold. We have had many of these bookings rescheduled, hoping to hold their event later on this year. We continue to follow the NSW Government health advice whilst ensuring all events are as safe and enjoyable as possible.

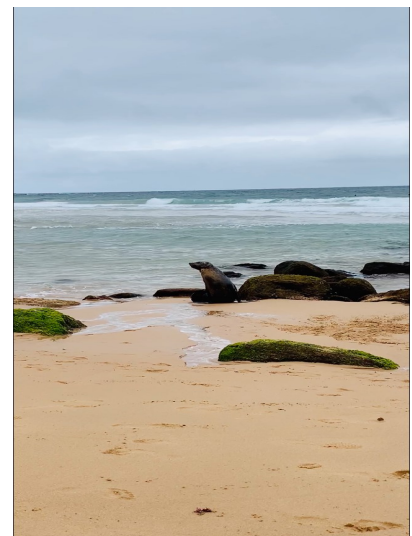

The club was unable to support as many community groups this year due to restrictions, however, we were able to safely hold the 24 Hour Row again this season seeing the Flemming family and friends doing a terrific job ensuring we held a COVID safe event. Spectators were able to live stream the event and cheer on their fellow members, which raised awareness, funds and started conversations around mental health. Over \$110,000 was raised by all clubs involved to support two amazing charities, One Eighty and Gotcha4life. What a great effort by everyone involved.

We are looking forward to the opportunity to support more organisations this coming season as we feel they are very beneficial for both the club and community. The South Curlly hall relies on word of mouth and recommendations for bookings so we look forward to hearing from you or your friends for your next event.

As caretakers, we are always keen to hear from members if there are any issues, maintenance or damage around the club we can assist with. You can leave a note under our door or contact us via our email ([scccaretaker@gmail.com](mailto:scccaretaker@gmail.com)) or the caretaker mobile (0432 066 292).

We have loved living at South Curlly, especially in our lockdowns, and we would like to thank the Club and Committee for the opportunity and their ongoing support in our role as caretakers. We look forward to another great season ahead.

**Jacob Witty & Daana Stoker**  
**Caretakers**

## Curly Gym Report

The club gym is regularly used by members and has been stringently maintained during the COVID period. Members log details in to the gym QR code and fill in a hardcopy sign-in sheet at each visit. The dual check-in gives us comfort that we could identify contacts in the event of a COVID scenario. NSW Health signage is displayed around the gym and we have followed protocol by closing the gym promptly following lockdown notification.

The new security access system is to be rolled out in the coming months which is a welcome milestone after so long in the making. We purchased 4 Concept 2 ergometers in October last year ahead of the competition rowing season. The machines proved to be immensely valuable to crews preparing for carnivals and are in-part responsible for the stellar success the club enjoyed at this year's Australian National Championships. Plans are being discussed for a renovation of the gym. Some early designs are being worked up to better utilise the space and upgrade older equipment. Waterproofing works are also being undertaken to repair a drainage issue on the western wall. We will present a plan to the Committee with designs and costs when they are available. Equipment continued to be cleaned and serviced by South Curly members for the entirety of the year which is a cost saving for the club.

During a normal week, the facility is frequented by over 100 separate members and on any single day there can be between 20 and 30 individual users.
